

The logo for SYSTEMedge, featuring the word "SYSTEM" in a bold, white, sans-serif font, followed by "edge" in a smaller, lowercase, white, sans-serif font. The "e" in "edge" is stylized with a white outline and a black fill. The logo is set against a dark blue background with a white horizontal bar below it.

System Edge: Cyber Security Consulting Services

We monitor, mitigate and prevent existing security problems on an ongoing basis. System Edge's Cyber Security consultants use their expertise in security assessment, compliance, to analyze threats to cloud and on-premise systems based on their likelihood of occurrence.

About Us:

SYSTEM EDGE offers Cyber Security, IT staffing and consultancy services to top Fortune 500 and pre IPO clients in USA and Europe.

Headquartered in Iselin, New Jersey, SYSTEM EDGE has regional offices in California and Philadelphia, which allows us to service the needs of its clients with the talent available from all over the country. SYSTEM EDGE also has an offshore cyber center in India and a presence in Europe through its office in Germany. By basing our Cyber Security teams globally, we can tap into a large pool of highly skilled, English-speaking motivated IT professionals with which to service clients on an efficient cost basis.
